In the year 1857 the Directors made a consideramount of their respective debts to the Undersigned with as little delay as possible, and all

THE LATE MISS BAXTER. IN E the undersigned having been designated W by the late Miss Baxren to take charge of her Estate and to make such arrangements

as we might deem necessary in regard to the Orpha's and their Children whom she had from time to time received under her protection take the earliest opportunity of placing before the community the position in which we found the estate and the measures we have adopted. It was syldent to us on enquiry and examination that the number of Children congregated in Miss RAXTER'S two Houses, in Benham Road, was too large and the resources at her disposal too limited to admit of the Children being properly accummodated, fed, clothed and educated. It was accordingly decided to reduce the number of Girls and floys to within such a reasonable limit as would, with the preuniary assistance. we might hope to receive, enable us to do justico to all retained. In the selection of the Children to be so rethined we were careful to show a preference to those who had been the greatest source of solicitude and anxiety to the late Miss BAXTER. As a temporary measure and pending communications from the Friends of Miss. BANTER, in England, it has been arranged through the kindness of the Committee and Trustees of the

Diocesan Native Female Training School, that the Girls be received into the unoccupied portion of their Building under the care of Miss OxLAP. we guaranteeing to hold the institution free from all expenses attendant upon the arrangement. The Boys retained have in a similar manner upox the same conditions, been transferred to St. Paul's College under the care of Miss Room recently arrived from England. The School Master and his Wife, also lately arrived, were sent back to England by the mail Steamer of the 29th July. These measures comble us to currender the two School Houses this day and thus to effect a saving of about \$213 per month in School Master's Salary, House Rents and Taxes, besides many 14 Wyndham Street opposite the Magistracy other expenses incidental to a large Establish-

In regard to the funds for carrying out theser arrangements, we regret to say that although the utmost economy has been exercised, there is, after expending all the available monies, a delicienw of \$1105.16. We therefore appeal to the Community, and confidently hope that their liberality will not only comburse us this Sam, but will enable us to continue in some measure the good work of a Lady so deservedly respected, so deeply lamented and
